The program that was created for us brought us together as a team and allowed us to grow in our interpersonal relationships. The program was fun and everyone participated! It was a great experience and one we will be talking about for a long time to come!

GROUP
DYNAMIX @

Good Teams Don't Just Happen THEY'RE MADE.

If you were to take the pulse of your group today, what would you discover? Would it be characterized as collaborative, cohesive, and committed? Would you find a winning attitude and positive outlook?

Whether you are part of a sports team or corporate team or any organization, large or small, school or work, religious or social, Group Dynamix @ Fieldhouse USA has the right program to **transform your group from average to great!** Group Dynamix provides outstanding programs that are unique to Fieldhouse USA's 145,000 sf. indoor sports facility in Frisco, Texas, making full use of the state-of-the-art capabilities and amenities offered at this location.

All of our programs focus on group performance by providing **unique, fun-filled activities** that encourage **100% participation, 100% of the time,**

for 100% fun! The results are often astounding. Compete for tournament dominance while experiencing traditional sports in nontraditional ways in our **Team Tourney** and **Play off** programs, complete missions and solve clues in our **Scavenger** and **Survivor** programs, engage in some high-noon fun and excitement during our **Chuck Wagon Build** and **Race** programs, challenge your team to do the heavy lifting of teamwork in a fun and interactive way during our **Build Mass** program, or experience fast-paced challenges while benefiting others in our **Charity Event** programs. We also offer immensely fun and **interactive teen and adult parties,** as well as the most action-packed lock-in for teens in the Dallas area.

Our teambuilding event was so much fun!! It's four days later and we are still talking about the fun we had and our experiences... We are ready to go back and do some of the other challenges with our entire HR team.
